Summary

Highly skilled web developer with expertise in the MERN (MongoDB, Express, React, Node.js) stack, capable of building scalable and efficient web applications. Proficient in data structures and algorithms (DSA) with a strong foundation in Java, C++, and C. Possess excellent code review skills, ensuring high-quality and maintainable code. Strong understanding of software development principles, including design patterns, testing, and debugging. Proficient in working with version control systems like Git and SVN. Dedicated to delivering high-quality solutions that meet the needs of stakeholders.

Key Skills:

- MERN Stack: MongoDB, Express, React, Node.js
- DSA: Java, C++, C
- Code Review: Experienced in reviewing and improving code quality
- Programming Languages: Java, C++, C, JavaScript
- Web Development: Building scalable and efficient web applications
- Version Control: Git, SVN
- Software Development Principles: Design patterns, testing, debugging
-

Professional Summary:

As a skilled web developer with a strong background in computer science, I have a solid understanding of software development principles and best practices. With expertise in the MERN stack, I am well-versed in building scalable and efficient web applications. My experience with DSA has given me a strong foundation in algorithms and data structures, allowing me to approach complex problems with confidence. My code review skills ensure that the code I write is high-quality and maintainable. I am proficient in using version control systems like Git and Github to manage code changes and collaborate with team members. I am dedicated to delivering high-quality solutions that meet the needs of stakeholders and continually improve my skills to stay up-to-date with industry trends.

Skills

Backend: Spring • Spring Boot • REST API

Technologies: Git • Github

Languages: Java • C++ • C • Python

Full Stack Web Developer (MERN Stack): HTML • CSS • Javascript • Node.js • Mongo DB • React.js • Express.js

Experience

Zidio Development	Remote
Web Development Intern	09/2024 - 10/2024
<ul style="list-style-type: none">• My Task in this internship is to build, test and modify web apps.• Work with an assigned team to discover solutions to several problems.	
Anime Era	Ghaziabad , Uttar Pradesh
Frontend Developer	04/2024 - 06/2024
<ul style="list-style-type: none">• Developed an interactive and responsive layout for an E-commerce organisation "ANIME ERA".• Designed the Backend framework using Node.js and Express.js• Initialized API using REST API.	

Education

Ajay Kumar Garg Engineering College, Ghaziabad	Ghaziabad , Uttar Pradesh
Bachelor of technology - Information Technology	11/2022 - 11/2026
